

CERAMIC HOODS

In recent years the urban and industrial kitchen trends have seen a move towards matt finishes, and particularly towards textured matt kitchen surfaces which are stylish and sophisticated but at the same time, comfortable, enjoyable and low-maintenance. The increasing popularity of the Ceramic, Stone and Concrete kitchens are a prime example of this, adding depth and tonal contrast to the kitchen space.

Aligning with this upcoming trend, Hafele brings you the subtle ceramic finished hoods that will not only be working up to keep your kitchen fresh, but will also elevate the kitchen design and warmth of the space.

CERAMIC HOODS

Biscotti design is one of our offering in Ceramic hoods with an added advantage of super efficient filtration backed up with low noise extraction. This range of hood is design with EBM Plast motors from Germany that are aerodynamically designed, coupled with maximum mechanical precision,

enables the S-Force fans to have constant low noise during its operation and speed variance.

These features include speed monitoring, closed loop speed control, operation monitoring, integrated and external temperature sensor.

BISCOTTI 80 & 60

Unravel the charm of texture

BISCOTTI

Quiet, Crisp and Steady

Equipped with brushless motor design from the leading EBM Germany, Biscotti models operates very quietly during operation across the entire speed range and can take a high variance in speed without snag

Hydraulic suspended panels makes cleaning a breeze. It is not required to be opened during the cooking. Only during regular maintenance days the panel can be lifted for cleaning

Biscotti models come with a warm LED ambient lighting that will not only brighten your kitchen but softly illuminate your cooking space while blending seamlessly with the kitchen lighting

Concrete works excellently in a **minimalist** influence interior design, but it can be accessorized with loads of finishes from bronze to chromium.

Inspired by the cool tones and bold texture Hafele brings you the most versatile cookerhood in concrete finish on ceramic surface - FRIDA in two variants of 90cm & 75cm.

FRIDA 90 & 75
Going the “Concrete” way !

FRIDA 90 & 75

Going the “Concrete” way !

Anti Drip technology hood that eliminates any possibility of oil dripping when the hood is overdue for a cleaning and maintenance.

Auto Open smoke panel ensure powerful smoke intake and filtration, keeping the kitchen free from the pungent smell of seasoning.

Ceramic surface with concrete finish on a neutral tone that can very well adapt to the warm or cold tones of your kitchen color theme.

Ceramica 90 has been an experimental design that amalgamates the best of design aesthetics of the visible surface with the super efficiency of filterfree extraction of smoke in your kitchen. The powerful motor can extract 22% more kitchen smoke than a standard filterfree hood. One of its kind is the unique touch on ceramic that makes it so contemporary and minimalist

CERAMICA 90
